Disclaimer

This guide is produced for general guidance only, and professional advice should be sought before any decision is made. Individual circumstances can vary and therefore no responsibility can be accepted by Tax Insider, the co-author Sarah Bradford or the publisher Tax Insider Ltd for any action taken or any decision made to refrain from action by any readers of this guide.

Tax rules and legislation are constantly changing and therefore the information printed in this guide is correct at the time of writing — July 2021

Neither the authors nor Tax Insider Ltd offer financial, legal or investment advice. If you require such advice then we urge you to seek the opinion of an appropriate professional in the relevant field. We care about your success and therefore encourage you to take appropriate advice before you put any of your financial or other resources at risk. Don't forget, investment values can decrease as well as increase.

The content of this guide is for information only and all examples and numbers are for illustration. Professional advice should always be sought before undertaking any tax planning of any sort as individual circumstances vary and other considerations may have to be taken into account before acting.
